

DRILON ÇOÇAJ

Web Developer

Prizren, Kosovë | +383-44-334-760 | driloncoc@gmail.com | drilon.dev

SUMMARY:

I am a solution-oriented problem solver with a strong enthusiasm for developing and maintaining websites. An effective communicator and collaborative team member. Recent bachelor's degree recipient with a background in Computer Science and Full stack development training certified.

WORK EXPERIENCE:

Freelance Web Design | 2017-2019

- Designed simple landing pages and portfolio sites using UI/UX tools (Adobe XD, Figma).
- Gained practical exposure to client feedback, quick iterations, and delivering functional mockups.

RELEVANT PROJECTS:

Weather Now

- Built a responsive weather application using React and Tailwind, fetching real-time data from the OpenWeatherMap API.
- Implemented dynamic search and error handling for accurate location-based weather updates.

Cinema Scope

- Developed a dynamic movie search application with React, integrating TMDb API for real-time movie data.
- Implemented interactive movie cards and modals, displaying detailed information with user-friendly navigation.

Task Master

- Built a full-stack task management app with React, Node.js, and MySQL, enabling secure user authentication and CRUD functionality.
- Integrated JWT-based authentication and protected API routes to ensure secure, personalized task management.

EDUCATION:

2018 – 2021 | **University of Business and Technology**

Bachelor of Computer Science – Software Engineering

2022 | **Makerspace Innovation Centre**

Full Stack Development Training.

SKILLS:

- **Frontend:** HTML5, CSS3, JavaScript, TypeScript, React, Tailwind CSS, Figma, Adobe XD.
- **Backend:** Node.js, Express.js, MySQL, JWT Authentication, REST APIs, Prisma.
- **Tools & Workflow:** Git, VS Code, Postman, NPM, Responsive & Mobile-First Design.
- **Others:** Microservices architecture (conceptual understanding), System design (fundamentals).
